NEW STILLS AND ARTWORK FROM J.A. STEEL'S BLOOD FARE!

Comments:

[Strike Back below!](#)

Oct. 6, 2010

There aren't too many ghost [stories](#) that mix up the Civil War with Greek mythology. Actually, I have never heard about such a thing...until now.

Tunis Productions, INC. has just finished wrapping up BLOOD FARE, a ghost [story](#) that blends the lines of the living and the dead. The flick stars Brandi Lynn Anderson (ZEROS), Savannah Ostler (VENGEANCE), Bridget McManus (WANTED,) and Livia Danton. The project is being directed by female action filmmaker J.A. Steel. You can check out the trio of stars which include Anderson, Ostler and McManus in the pic to the right.

Down below are some still sets from the flick which you can view to your heart's content. The material shows us a cool kill but among them is also first artwork from the [film](#) itself.

BLOOD FARE is a Civil War ghost story with a modern twist. It is the tale of Corporal Henry Trout who in 1861 fought valiantly in a forgotten skirmish after the first battle of Bull Run. 150 years later, he will come face to face with his descendants as the battle for blood continues on a haunted battlefield. Tyler and her brother Chad, Henry's fifth generation grandchildren, will challenge the very legend of Charon the Ferryman, as the lines between the living and the dead become blurred.

Cool stuff, no? It's a concept to admire and one to look out for. Let's hope footage comes along soon. Keep with us as more updates are on the way!
