

Trailer for J.A. Steel's Blood Fare starring Gil Gerard

By David Bentley on Jul 30, 11 11:41 PM

THE trailer for horror film Blood Fare has been released online after having its world premiere on the Big City Comics video wall at this year's San Diego Comic-Con.

It's the fourth film from writer-director J.A. Steel following her horror shocker Denizen, supernatural thriller Salvation and action feature The Third Society.

Steel attended the premiere with cast members Gil Gerard (famous for his lead role in the TV series Buck Rogers in the 25th Century) and Savannah Ostler (Vengeance, Splattercontainer Scream Queen October 2010).

Also there was Jeff Kaufman, creator of the new graphic novel Terminal Alice, published by Big City Comics and centring on five female contract killers who find they each have a price on their head and must work together to find out who wants them dead. Pictured above at the launch are Resurrection Studios' Dave Stewart, Savannah Ostler, Gil Gerard and Jeff Kaufman.

Blood Fare is a Civil War ghost story with a modern twist from Steel and co-producer Christian K. Koch. It's the tale of Corporal Henry Trout (S. Edward Meek - Wild Stallion), who in 1861 fought valiantly in a forgotten skirmish after the first battle of Bull Run.

with his descendants - Tyler (Brandi Lynn Anderson from the upcoming Syfy original series Zeros) and her brother Chad (Adrian West) - as the battle for blood continues on a haunted battlefield, 150 years later, as the lines between the living and the dead become blurred.

Gerard - recently seen in the Syfy movie Ghost Town - plays the character of Professor Meade, mentor to Tyler. Kim Sonderholm, most recently in the newly released Little Big Boy, appears alongside Gerard as Professor Malick.

The cast also includes Michelle Wolff (NCIS, Chicago Hope, ER, and Providence), Bridget McManus (Wanted) and Scott Beringer (Ocean's Eleven and 21).

Special make-up effects are by Chris Hanson, who previously worked on such films as Hellboy, Underworld, Men in Black, The Green Mile, The X-Files, The Faculty and Spawn.

Steel rounds out her crew with director of photography Michael B. Call (127 Hours), co-producer Christian M. Koch who has worked with Steel on her first three films and executive producer Jessica M. Bair.

Steel points out that Blood Fare is a green, sustainable film production and adds that fans can become part of the crew by getting their name in the credits for a simple donation of \$25.
